

El artículo “**The Neurological Development of the Child with the _Educational Enrichment in Mind**” firmado por Gerry Lesiman, Raed Mualem y Safa Khayat Mughrabi y publicado en dicha revista en el año 2015, Volumen 21, pp. 79-96, fue denunciado por plagio, el día 15 de septiembre de 2018. Una vez comprobado fehacientemente de que se trata de un plagio del trabajo original “**How the Timing and Quality of Early experiences Influence the Development of Brain Architecture**” firmado por Sharon E. Fox, Pat Levitt y Charles A. Nelson III, publicado en 2010, en la revista *Child Development*, volumen 81, Número 1, pp. 28-40, ha sido retirado de la revista Psicología Educativa.

La revista en el momento actual cuenta con el programa de detección del plagio iThenticate® y está adherida al código de conducta de ética [Ethical Standards of the American Psychological Association.](#)”

"The Neurological Development of the Child with the _Educational Enrichment in Mind" signed by Gerry Lesiman, Raed Mualem and Safa Khayat Mughrabi, published in 2015, Vol. 21, pp. 79-96, was denounced for plagiarism on September 15th, 2018. Once proven the fact that it is a plagiarism of the original work "**How the Timing and Quality of Early experiences Influence the Development of Brain Architecture**" by Sharon E. Fox, Pat Levitt and Charles A. Nelson III, published in 2010, *Child Development*, Vol. 81, Number 1, pp. 28-40, the article has been removed from Psicología Educativa journal.

At this time, Psicología Educativa has IThenticate® plagiarism detection program and it is adhered to [Ethical Standards of the American Psychological Association](#) Code of Conduct.
